

**EXCHANGE VISITS
REPORT
2005 November 18th**

- ⇒ 10:00 am visit to the ANFFAS rehabilitation centre, in order to exchange information regarding the methodologies adopted to train and accompany persons with mental and psychological diseases to the labour market. The group have been encountered the scientific co-ordinator of the structure, Dr Idetta Galvani, who presented all the services offered:
- physical and psychological/psychiatric rehabilitation
 - bio-mechanic laboratory
 - social integration
 - job insertion.

After the presentation the group visited all the rehabilitation centre and also the manufacturing laboratory managed by ANFFAS.

- ⇒ 12:00 visit to the "Istituto Zooprofilattico Sperimentale dell'Abruzzo e del Molise" in order to exchange information regarding the Pet Therapy. During the visit two expert of TAA -AAA (THERAPIES AND ACTIVITIES ASSISTED BY ANIMALS), Dr Ombretta Pedicone and Dr Lejla Valerii, presented to the transnational delegation this innovative methodology supported by slides, videos and testimonials (n°2 TAA-AAA operators and a Veterinar).

- ⇒ 15:00 visit to the CONSORFORM training centre. After the welcome of the Consorform Chairman, Mr Gianfranco MANCINI, a psychologist expert on social-working counseling, Dr Derna Dell'Elce, presented methodologies and tools to guide (at individual level) physical disabled people during a social and laboural integration/re-integration process. The manager of the Italian DP supported her to deeply focus the main characteristics of the approach adopted. Mr Video Balestra, expert in informatics, presented also the self training tools specifically designed in favour of disabled people.

During all the visits the partners received information materials (brochures, flyers, books, CD Roms).
